Old Business:

1. Regarding the 10-year development plan: Based on informal discussions with Harry Huzsek, availability of water should not pose a problem for future growth of the borough in areas of existing platted lots. Details and basis will be addressed in the report.
2. After discussion, it was felt a new road/traffic study or plan would not be of much value, but rather, concentrating our efforts toward existing borough roads.

New Business:

1. Joe Bucks is not seeking a new term on the Indian Lake Planning Commission. The commission will not make a recommendation to council for his position. Interested candidates, who may be interested in the position, may be contacted individually.
2. Bob Hanson reported on his attendance at the state-sponsored subdivision-planning workshop held in Greensburg. Information from the seminar was shared by Bob of what he felt was a very informative and useful session.
